

MELBOURNE 2006 COMMONWEALTH GAMES

1 August, 2006

Mr Ross Walker
Managing Director
Roscar Management Consulting Pty Ltd
17 Childs Drive
BURPENGARY QLD 4505

Dear Ross

The Melbourne 2006 Commonwealth Games Corporation wishes to thank Joint Venture Partners, Sita Coaches and [Roscar Management Consulting, for the successful delivering of the Games Family Transport operation for the Games.

The Commonwealth Games required the largest transport movement ever coordinated in Victoria and the Games Family Transport contract played a critical role in ensuring timely transportation for the:

- 5700 athletes and officials between the Games Village and 33 competition venues, 10 non-competition venues and 22 training venues;
- 1,092 technical officials between the technical officials village(s) and venues;
- 3,964 media and broadcast personnel between the media transport mall and competition venues;
- 2,500 VIP clients for the opening and closing ceremonies; and
- Games Family workforce numbering in excess of 3,000 on a daily basis between venues.

During the 11 month planning phase for the Games, Sita & Roscar were required to engage 263 buses and coaches; 10 trucks; 55 supervisors; 543 drivers; and numerous other operational, administrative and security staff to cover approximately 347 individual bus routes and 55,000 bus hours.

The dedicated and experienced Project Management Team delivered a highly successful Games Time operation and capably managed the added complication of heightened security operations, daily route changes to accommodate road closures and the precision timing required for Athlete movements for the Opening and Closing Ceremonies.

M2006 congratulates you on a job well done and wish you all the very best in your future endeavors.

M2006 would have no hesitation in recommending your business to prospective future clients.

With kind regards

John Harnden
Chief Executive Officer
